

Parents comments on learning this week:

Topic

This week in our JIGSAW session we spoke about being similar and different and how this makes the world/school a wonderful place to be.

We also had our first P.E session in the Sports Hall. We learnt the hall rules and had fun doing lots of exercises and playing games.

**Dear Parents and Carers**

Please **label** every item of your child's uniform.

Please also ensure that your child comes to school wearing a P.E kit each Friday.

Many Thanks!

**Please remember to return on or before Thursday.**

Date given: Friday 25<sup>th</sup> September 2020

Mathematics and Literacy

In Maths we have been using a maths program called 'Ten Town'. We have been learning about numbers 0-5 and the useful phrases that can help us to remember the correct way to form numbers.

In Literacy this week we have been looking at Tales Toolkit to help us with story structure. We have been retelling Traditional tales that we know. We made our own story thinking about the Character, Setting, Problem and Solution within it. We also played a silly soup game in Phonics to practise recognising rhyming words.

Homework

Please encourage your child to practice using a knife and fork at home, so that they can become more independent when eating their meals in school.
