

Parent's comments on learning this week:

As we are unable to send out our weekly information in the children's individual books, we would love you to share your comments with us via email to: reception@st-margaretsanfield.liverpool.sch.uk Please feel free to share comments, photos and anything your child has been doing at home that we can share in Reception.

Please remember to return on or before Thursday.

Topic

This week, we have enjoyed observing our very own butterflies in Reception. We recapped the life cycle of a butterfly. Then we released the butterflies that had emerged from the cocoons into a butterfly friendly habitat. We also shared the information book 'From Seed to Sunflower' and learnt about the life cycle of a sunflower. After this, we planted our own sunflower seeds.

Date given: Friday 11th June 2021

Dear Parents and Carers

Please can you remind your children that toys from home are not allowed in school. We wouldn't want the toys to get lost or damaged and we have plenty of lovely resources for the children to play with in our environment.

Mathematics and Literacy

In Maths this week, we looked at the number 10. We thought of different ways to represent the number ten and different ways of making ten. In Group Time, we played 2D shape bingo to recap shape names and their properties. We also painted butterflies, making sure they were symmetrical just like real butterflies.

In Literacy this week, we enjoyed sharing the story The Tiny Seed. This is another lovely story written by the author Eric Carle. We talked about the illustrations and words used throughout the story. We discussed the journey that the seed takes and the places that the seeds land.

Homework

Login to Oxford Owl using the password you were provided with. Please use this login information to access Read, Write Inc eBooks.

Access the Virtual Classroom via our school website.

Recap 2d shape recognition with your child.
