TOP TIPS

to help keep your child safe online

Have the conversation
early and often

#1

Ask your child what they
do online

#2

Let your child “teach”
you how to use the
internet, use social
networks and play
computer games!

#3

The five most popular social media apps used by children in Liverpool primary schools

play your part,

What does the law say?

A child is anyone who has not yet reached their 18th birthday.

It is a criminal offence to create an indecent image of a child.

It is a criminal offence to distribute an indecent image of a child.

Best advice...

Take an interest in what your children are doing online – you can learn from them.

If you use social media, model safe, responsible and respectful practice for your children to emulate.

Remember you have the parental wisdom!

Who are we?

Internet Matters is a not-for-profit organisation working with online safety experts to bring you all the information you need to keep your children safe online.

We aim to bring you

- Advice on important e-safety issues
- News and advice from industry experts
- Guidance on setting parental controls and filters
- Reviews on the latest technology and apps

What issues could be affecting your children?

Get to grips with what they may come across and how to get help if you need it.

If you're worried about anything you or your child come across online, you should report it immediately to the relevant organisation and to the site where you or your child saw it.
