

What the LCQM means to us.

At St. Margaret's Anfield Church of England Primary School, we have loved taking part in the Liverpool Counts Quality Mark this academic year. For us, it has allowed us to think about Maths in the real world and allow us to appreciate our love for the subject.

Here are a few of the things we have started to implement in our school:

- Maths jokes around our school building.
- Maths Ambassadors around school at lunch times - set up Maths Hub and playing games with younger children.
- Maths help videos produced and put on our school website to help children.
- Daily attendance percentages on all classroom doors. Maths Ambassadors complete and liaise with our Attendance Officer.
- All class teachers show how they have used 'real life Maths'.
- Maths half termly newsletters produced for children.
